Subject Index to Volume 21

A

Account deficits, indicators of financial crises, 341
African countries, ranking of internal rates of return to education, 781
AGE model, disability benefits and hidden unemployment in The Netherlands, 695
Agricultural innovation adoption, socioeconomic analysis, 167
Agricultural policy reforms, computable general-equilibrium (CGE) analysis from Mexico, 453
Agricultural research
  cointegration model results, 185
  environmental benefits of trade liberalization, 349
Announcements, credibility, 747
Asian countries, ranking of internal rates of return to education, 781
Asymmetric information, policy announcement credibility, 747
Attitudes, European Monetary Union, 641

B

Balance sheet restructuring, durable consumer expenditures, 243
Bank loans, agricultural innovation adoption, 167
Bankruptcy, East Asia crisis, 311
Black market exchange-rate premium, developing countries, 1
Brazil, financial crisis, 283
Budget deficits
  effects on interest rates in Germany, 559
  effects on private investment, 633
  indicators of financial crises, 341
  trade liberalization effects, 653

C

Canada, U.S. countervailing duty on hog imports, 823
Capital allocation, measuring distortion, 427
Capital-funded system, old-age pension system transition, 275
Capital market crisis, East Asia, 289
Capital reserve system, old-age pension system transition, 275
Central banks, voter behavior, 515
Chemical industries, measuring distortion in capital allocation, 427
Class analysis, Phillippine village, 101
Cocoa, hybrid, agricultural innovation adoption, 167
Cointegration model, U.S. agricultural research investment returns, 185
Common Market Organization, bananas, 619
Community support framework, environmental consequences, 831
Computed general-equilibrium (CGE) analysis
  agricultural policy reforms in Mexico, 453
  free trade impact on Norwegian industry and trade patterns, 715
  reserve requirements and short-term interest rate policies, 389
  supporting data quality, 851
Consumer expenditures, durable, household balance sheet, 243
Consumer income, silk industry in India, 875
Consumer/producer welfare, Common Market Organization for bananas, 619
Credibility, policy announcement, 747
Crowd in/out, federal budget deficits effects on private investment, 633
Current account balances
  devaluation impact on macroeconomic performance in Ethiopia, 481
  public-private savings relations, 579
  structural transfer programs in European Union, 799

D

Data, quality, 851
Deficits
